

I am Mr. David James, the first son of **Mr. Henry James**, a British Farmer based in Zimbabwe. My father is now dead as a result of his incarceration by the Zimbabwean Government under **President Robert Mugabe** who ordered the white farmers in Zimbabwe to vacate their Farm Land and go back to their country.

But my father, due to his large investment in the Farm Land refused to quit Zimbabwe for his country. Based on this reason he was arrested and imprisoned and as a result of his protracted sickness [Diabetics] he died in Manfe prison on **19 Sept 2007**. May his gentle soul rest in perfect peace.

After his death, all efforts by my mother who is a Zimbabwean to secure most of my father's investment were frustrated by the President Mugabes Government. Towards this end my mother discovered an original certificate of deposit for a trunk box containing the sum of **USD30m (Thirty million Dollars)** deposited by my late father in custody of a security company in **South Africa**. The money belonged to the White Farmers Association [**W. F. A**] which my late father was the Founder/President with the help of my maternal uncle who was a Commissioner in Zimbabwe.

We are able to trace the security company to South Africa where the box containing the money is presently deposited, declared as Family Jewellries and antiques as to avoid raising any eye brow from the authority here. All documented proofs in respect of this deposited consignment are in my possession.

As it is, I am looking for a reliable partner who can help me safe-guard and invest this money very prudently in his company as advised by my mother. 10% of this money will be given to you while 5% will be set aside for miscellaneous expenses that we may incur during the process.

Also note that this transaction is 100% risk free, you may also be required to come to South Africa if need be on indication of your interest. Please confirm your interest on this transaction and contact me on my email address: [davidjames3@gala.net](mailto:davidjames3@gala.net)  
**I am presently in South Africa**

Regards  
**Mr. David James**
