RE: Gas Supplier Enrollment
Account: 57189045099

Dear Peter Potts:

You recently made a commitment to purchase your gas commodity from a third party gas supplier (Gas Operator). On 10-31-2010, you will be receiving your gas supply from Hess Corporation.

Please continue to make your payments directly to Yankee Gas (Yankee) for your previous month's gas supply until your transition to Hess Corporation takes effect. Once the transition has taken effect, your delivery charges will be billed from Yankee and your supply charges will be billed from Hess Corporation.

If you have chosen Hess Corporation to act as your payment agent (to pay your Yankee delivery charges and bill you later), you will continue to receive a courtesy copy of your Yankee Delivery Service bill, which will be marked "copy." Please be aware that your gas service may be terminated if Hess Corporation fails to pay Yankee, even if you have remitted payment. In this event, service won't be restored until Yankee has received payment in full.

You are making a one year commitment to be on Operator Gas Supply Service. This commitment will be renewed automatically. If you want to return to Yankee Supply Service after your one-year commitment, you must provide us with a 30-day written notice. Please forward your written notice to:

Yankee Gas Service Company
