

I want to play a game with you. Let me explain the rules:
all your files are being deleted. Your photos, videos, documents, etc...
But, don't worry! It will only happen if you don't comply.
However I've already encrypted your personal files, so you cannot access them.
Every hour I select some of them to delete permanently,
Therefore I won't be able to access them either.
Are you familiar with the concept of exponential growth? Let me help you out.
It starts out slowly then increases rapidly.
During the first 24 hour you will only lose a few files,
The second day a few hundred, the third day a few thousand, and so on.
If you turn of your computer or try to close me, when I start next time
you will get 1000 files deleted as a punishment.
Yes you will want me to start next time, since I am the only one that
is capable to decrypt your personal data for you.
To talk payment send me an email your.newfriend@mail.ru
Now, let's start and enjoy our little game together!
